### Project Description

The objective is to support the structuring of the CA-9 North Corridor project with the development of technical studies to: (i) improve designs of highway expansion works and strengthen socio-environmental standards and climate resilience management, in the project, and at the institutional level; and (ii) promote co-financing in a new execution structure to extend the project to Puerto Barrios, evaluating alternatives schemes such as public administration, concession, lease, and PPP model.

#### ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to [MICI@iadb.org](mailto:MICI@iadb.org). You can learn more about the MICI and how to file a complaint at <http://www.iadb.org/en/mici/mici,1752.html> (in English) or <http://www.iadb.org/es/mici/mici,1752.html> (Spanish).
