### Project Description

This Technical Cooperation (TC) aims to support the modernization of Guatemala's public financial management (PFM) practices, promoting a focus on the quality of public spending. To achieve this objective, this TC will finance two types of actions: (i) strengthening the institutional capacity of the Ministry of Finance to improve the quality, availability, and coverage of data related to PFM within the Integrated Financial Management System (SIAF); and (ii) supporting the creation of measurement tools to monitor the impact of financial management, ensuring more informed and results-oriented decision-making.

### ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to [MICI@iadb.org](mailto:MICI@iadb.org). You can learn more about the MICI and how to file a complaint at <http://www.iadb.org/en/mici/mici,1752.html> (in English) or <http://www.iadb.org/es/mici/mici,1752.html> (Spanish).
