Growing Guyana-s Mature Microenterprise to SMEs through Technical Support, Financial Literacy and Access to Capital

Project Description

The purpose of the proposed solution is to address and seek to remedy the low levels of business and financial acumen of participants in its nine-month Economic Development Accelerator (EDA). The Accelerator goes well beyond the fundamentals; it is a business leadership development training program that includes technical support and coaching from international experts.

Investment Description

- Inter-American Development Bank (IADB)

ACCOUNTABILITY MECHANISM OF IDB / IDB INVEST

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IDB Invest)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IDB Invest is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at http://www.iadb.org/en/mici/mici,1752.html (in English) or http://www.iadb.org/es/mici/mici,1752.html (Spanish).
