Early Warning System

Program to Support Climate Resilient Road Infrastructure Development

IADB-GY-L1081

Quick Facts

Countries	Guyana
Specific Location	national coverage
Financial Institutions	Inter-American Development Bank (IADB)
Status	Proposed
Bank Risk Rating	B
Borrower	Goverment of Guyana
Sectors	Transport
Investment Type(s)	Loan
Investment Amount (USD)	$ 100.00 million
Project Cost (USD)	$ 100.00 million

Project Description

The objective is to improve the quality, accessibility, resilience and safety conditions of Guyana's road transport infrastructure through an increase in paved road coverage, climate resilient interventions and the rehabilitation and upgrading of provincial roads. The program will also promote efficiency improvements in the sector by incorporating the works into road maintenance management systems, investment in technology for traffic and road asset management, and by building capacity at the Ministry of Public Works.

Investment Description

- Inter-American Development Bank (IADB)

ACCOUNTABILITY MECHANISM OF IDB / IDB INVEST

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IDB Invest)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IDB Invest is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at http://www.iadb.org/en/mici/mici,1752.html (in English) or http://www.iadb.org/es/mici/mici,1752.html (Spanish).
