## Project Description

The objective is to improve educational opportunities for indigenous children in hinterland communities by mitigating the negative effects that the school closures can have on children's cognitive and socio-emotional development. The TC will support: (i) the development and piloting of bilingual/English as a second language programs for indigenous children in preschool; (ii) a school mapping exercise; and, (iii) a study on the situation of migrant children.

ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at http://www.iadb.org/en/mici/mici,1752.html (in English) or http://www.iadb.org/es/mici/mici,1752.html (Spanish).
