Project Description

According to the Bank's website, the general objective of the operation is to tackle food insecurity among vulnerable populations in Haiti, foster resilience to climate shocks and improve access to health services. The specific objectives are: (i) contribute to food security through transfers conditional to cash-for-work programs focusing on community resilience and conditional to training programs, (ii) improve health through increased supply of and access to preventive and essential healthcare services incentivized by transfers.

Investment Description

- Inter-American Development Bank (IADB)

ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at <http://www.iadb.org/en/mici/mici,1752.html> (in English) or <http://www.iadb.org/es/mici/mici,1752.html> (Spanish).
