Project Description

According to the Inter-American Development Bank, this project will contribute to the institutional strengthening of selected functions and services of the Government of Haiti with the aim of improving public sector performance. To this end, the project will be composed of three components:

1. Supporting transversal public management systems in civil service and the budget
2. Supporting the improvement of sectors' functions and services
3. Design of a new management model to improve the deconcentrated service delivery based on the Civil Aviation Steering Committee network.

ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at <http://www.iadb.org/en/mici/mici,1752.html> (in English) or <http://www.iadb.org/es/mici/mici,1752.html> (Spanish).
