Project Cost (USD)	$ 0.30 million

Structuring of the Public-Private Partnership Modality for Landfill Management in Northern Haiti

Project Description

This TC aims to support the sustainability of the management of public services in the North of Haiti, through the structuring of a Public-Private Partnership (PPP) modality for the conception, construction and operation and maintenance of a landfill health in Mouchinette (Design-Build-Operate-Transfer) or another relevant modality that will be the basis of an international tender for the sanitary landfill.

Investment Description

- Inter-American Development Bank (IADB)

ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at http://www.iadb.org/en/mici/mici,1752.html (in English) or http://www.iadb.org/es/mici/mici,1752.html (Spanish).
