Support to strengthen access to registration and labor intermediation services for persons with disability in Haiti

Project Description

The overall objective is to improve the access to registration and labor intermediation services for people with disabilities in Haiti. The specific objectives are (i) to expand the coverage of certification process to person with disabilities (PwD), (ii) to incorporate additional dimensions bio-psycho-social and environmental factors taken into account in the disability certification and registration process and (iii) to support a strategy for strengthening the autonomy of the BSEIPH PwD module and ensuring its interoperability with the public labor intermediation technological platform from the Ministry of Social Affairs and Labor (MAST).

Investment Description

- Inter-American Development Bank (IADB)

ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at http://www.iadb.org/en/mici/mici,1752.html (in English) or http://www.iadb.org/es/mici/mici,1752.html (Spanish).
