| Investment Amount (USD) | \$ 0.70 million                          |

## Project Description

According to the IDB website, this project will have the following objectives:

- (1) improve capacity in rural areas to implement and maintain education programs to improve health and nutrition;
- (2) establish coordination and operational links with the health centers of the national Health Ministry for the elaboration and execution of programs for ongoing training, support and service delivery; and
- (3) improve availability, access, consumption and use of food in a sufficient, adequate, and sustainable way to achieve the reduction of malnutrition in children.

## Investment Description

- Inter-American Development Bank (IADB)

## Contact Information

*Project contacts not available at the time of disclosure.*

## ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to [MICI@iadb.org](mailto:MICI@iadb.org). You can learn more about the MICI and how to file a complaint at <http://www.iadb.org/en/mici/mici,1752.html> (in English) or <http://www.iadb.org/es/mici/mici,1752.html> (Spanish).
