Project Description

The objective of the technical cooperation (TC) is to support the preparation of the Program for the Reform of Water and Sanitation Services of Tegucigalpa (HO-L1207) in Honduras. This TC will contribute to the sustainability of the provision of water and sanitation services in Tegucigalpa through the financing of studies, plans and strategies to consolidate the transfer of services from the central level to the municipal level and strengthen the municipality with tools that allow you to increase the efficiency, quality and coverage of water supply and sanitation in the city.

ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at <http://www.iadb.org/en/mici/mici,1752.html> (in English) or <http://www.iadb.org/es/mici/mici,1752.html> (Spanish).
