Project Description

According to IADB website, the objective of the exchange is for officials from the Ministry of Finance (SEFIN) and the Ministry of General Government Coordination (SCGG) to acquire tools to improve the quality of public spending in Honduras, based on experience in managing the Results-Based Budget (RBB) of Peru, who since 2000 have implemented methodologies, tools for performance monitoring (budgetary and physical execution), the use of budgetary incentives as well as the creation of a specialized unit, called the Directorate of Quality of Public Expenditure.

ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at http://www.iadb.org/en/mici/mici,1752.html (in English) or http://www.iadb.org/es/mici/mici,1752.html (Spanish).
