| **Investment Amount (USD)** | $ 0.72 million |

## Project Description

Develop and implement a mobile application (APP) or smart card for Honduran youth, between 14 and 19 years old, who are linked in a situation of social risk, offering access and benefits to different programs based on their interests and preferences, through a system of monetary transfers channeled through the APP, in accordance with the fulfillment of individual conditions and promoting virtuous behaviors within and outside the community. State-of-the-art technology will be used for CT and for the education and employability of vulnerable young people post COVID-19.

## Investment Description

- Inter-American Development Bank (IADB)

ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at http://www.iadb.org/en/mici/mici,1752.html (in English) or http://www.iadb.org/es/mici/mici,1752.html (Spanish).
