<b>Sectors</b>	Climate and Environment, Technical Cooperation
<b>Investment Type(s)</b>	Advisory Services
<b>Investment Amount (USD)</b>	\$ 0.40 million
<b>Project Cost (USD)</b>	\$ 0.40 million

## Project Description

According to the IADB, this TC aims to support Honduras in the design of its first project (HO-L1245) under the IDB CLIMA Pilot Program. The IDB CLIMA Pilot Program aims to incentivize sector-driven investments that will help accelerate the access of sovereign borrowers to thematic green capital markets. To attain this goal, IDB CLIMA offers a grant to borrowers that successfully reach results through sectoral investments measured through Key Performance Indicators that: i) reduce development gaps while delivering impact in terms of biodiversity and climate; ii) strengthen the sector's capabilities to develop sectoral project pipelines that include climate and/or biodiversity considerations; and iii) strengthen sector-driven biodiversity and climate monitoring, reporting and verification systems to meet international climate, biodiversity and thematic green debt standards.

## Contact Information

### ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to [MICI@iadb.org](mailto:MICI@iadb.org). You can learn more about the MICI and how to file a complaint at <http://www.iadb.org/en/mici/mici,1752.html> (in English) or <http://www.iadb.org/es/mici/mici,1752.html> (Spanish).
