Project Description

According to the IADB, the objective of this Technical Cooperation (TC) is to support the Government of Honduras in strengthening evidence-based public policy and institutional capacity in the area of citizen security. Specifically, it aims to assess and inform the effectiveness of a policing reform implemented under IDB loan (HO-L1187) by evaluating whether the construction and upgrading of metropolitan police stations--alongside expanded personnel, specialized investigative units, and services for women victims of violence--reduce crime and gender-based violence in the targeted municipalities.

ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at <http://www.iadb.org/en/mici/mici,1752.html> (in English) or <http://www.iadb.org/es/mici/mici,1752.html> (Spanish).
