Strengthening Fiscal Policy and Management Programme to Respond to the Public Health Crisis and Economic Effects of COVID-19 in Jamaica

Project Description

The objective of the programme is to strengthen the efficiency, efficacy and equity of Jamaica's fiscal policy and management to address the health crisis and economic consequences of COVID-19, through the design and implementation of effective and fiscally responsible policy measures. Specific objectives include: (i) ensure timely availability of public resources to address the health emergency caused by COVID-19; (ii) strengthen the counter-cyclical role of fiscal policy through the temporary protection of employment and income of vulnerable households during the health and economic crisis; (iii) support the effective and continuous provision of essential goods and services through fiscal policy and management measures; and (iv) promote economic and fiscal recovery.

ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at http://www.iadb.org/en/mici/mici,1752.html (in English) or http://www.iadb.org/es/mici/mici,1752.html (Spanish).
