Knowledge Exchange between the Ministry of National Security of Jamaica and the Police of Colombia

Project Description

The projects aims to support the knowledge exchange between the JCF and the Colombian police. Specifically, the CT-Intra will support a visit to Colombia by selected staff of the Colombian Ministry of national Security and JCF, to learn about key aspects of Colombia's law enforcement, particularly: 1) Use of technology for law enforcement, particularly with a focus on Monitoring Centers; 2) Overall reform of the Colombian Police, particularly organizational, investigative, training and human resources management aspects; and 3) intersections between points 1 and 2, particularly as it relates to the reforms and change management necessary to ensure the effective and sustainable use of technology.

ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at http://www.iadb.org/en/mici/mici,1752.html (in English) or http://www.iadb.org/es/mici/mici,1752.html (Spanish).
