# Early Warning System Digital Transformation for Teaching and Learning

IADB-JA-T1207

#### **Project Description**

The objective of this TC is to support Jamaica's Ministry of Education and Youth (MOEY) in rolling out activities to advance their national digital transformation roadmap for education. The roadmap includes four policy goals: (1) Transforming the Teaching and Learning Process; (2) Learning Opportunities for All; (3) Efficient Management and Administration of the Education System; (4) Promoting the Development of ICT Innovations. The focus of this TC would be on goals 1 and 4.

#### ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at http://www.iadb.org/en/mici/mici,1752.html (in English) or http://www.iadb.org/es/mici/mici,1752.html (Spanish).
