Evaluation of the viability of the hospital infrastructure expansion in Jamaica

Evaluation of the viability of the hospital infrastructure expansion in Jamaica

Quick Facts

Countries	Jamaica
Financial Institutions	Inter-American Development Bank (IADB)
Status	Proposed
Bank Risk Rating	U
Borrower	Spanish Town Hospital
Sectors	Education and Health, Infrastructure, Technical Cooperation
Investment Type(s)	Advisory Services
Investment Amount (USD)	$ 0.20 million
Project Cost (USD)	$ 0.20 million

Project Description

To analyze the impact of the Spanish Town Hospital's infrastructure expansion on the viability of its supply capacity to deliver in-patient services, availability of specialized health personnel, and operating costs. To achieve this goal, this TC will finance technical studies to update the current and estimate the future: (i) STH management model; (ii) Supply and demand for in-patient and surgical services; (iii) Availability and needs of health staff; (iv) Financial resources that STH will need.

Investment Description

- Inter-American Development Bank (IADB)

ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at http://www.iadb.org/en/mici/mici,1752.html (in English) or http://www.iadb.org/es/mici/mici,1752.html (Spanish).
