Project Description

According to the Bank's website, the General Objective of this TC is to develop an updated Tourism Strategy for Jamaica, taking into consideration the new post-COVID 19 challenges and trends, as well as the need for a stronger focus on developing an environmentally, socially, and economically sustainable tourism sector, that is more inclusive and resilient, and that contributes to a lesser extent to the exacerbating challenge of climate change.

Early Warning System Project Analysis

This TC does not finance pre-feasibility or feasibility studies of specific investment projects, including environmental and social studies; therefore, the Environmental ESPF is not applicable.

Investment Description

- Inter-American Development Bank (IADB)

The estimated amount required to execute this TC is US\$180,000. This TC will be financed in its entirety by the “Ordinary Capital Strategic Development Program Window 2 – Sustainability (W2A)”.

ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at <http://www.iadb.org/en/mici/mici,1752.html> (in English) or <http://www.iadb.org/es/mici/mici,1752.html> (Spanish).
