### **Project Description**

According to the IADB, the objective of this Technical Cooperation (TC) is to support the efforts of the Planning Institute of Jamaica (PIOJ) and the Ministry of Foreign Affairs and Foreign Trade (MFAFT) in the launch of the ConnectJA mobile application to connect with the Jamaican diaspora. By achieving this, the TC will provide the government agencies with a channel to communicate with Jamaicans living abroad regarding government services available to them and opportunities to engage with ongoing development projects in the country. The app will be formally launched at Jamaica's biennial Diaspora Conference in mid-2024.

#### ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to [MICI@iadb.org](mailto:MICI@iadb.org). You can learn more about the MICI and how to file a complaint at <http://www.iadb.org/en/mici/mici,1752.html> (in English) or <http://www.iadb.org/es/mici/mici,1752.html> (Spanish).
