Project Cost (USD)	\$ 0.14 million

Project Description

According to the IADB, the general objective of this Technical Cooperation (TC) is to strengthen the institutional and technical capacity of the Government of Jamaica to design, deliver, and sustain inclusive, secure, and user-centric digital public services. The specific objectives are to: (i) generate actionable insights through the collection and analysis of critical data to inform evidence-based policymaking for digital government transformation; and (ii) provide strategic and operational guidance for the formulation, implementation, and evaluation of public policies that enable digital transformation across government institutions.

Investment Description

- Inter-American Development Bank (IADB)

ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at <http://www.iadb.org/en/mici/mici,1752.html> (in English) or <http://www.iadb.org/es/mici/mici,1752.html> (Spanish).
