Status	Proposed
Bank Risk Rating	U
Borrower	Government of Jamaica
Sectors	Energy, Technical Cooperation
Investment Type(s)	Advisory Services
Investment Amount (USD)	\$ 0.15 million

Project Description

According to the IADB, this Technical Corporation (TC) aims to provide technical and implementation support to the Government of Jamaica to strengthen the performance, competitiveness, and reliability of the energy sector. The specific objectives are:

- (i) to contribute with technical inputs related to the ongoing sector development challenges, and
- (ii) to provide implementation support to the executing unit of energy projects (JA-L1056 & JA-G1003) to assist with project execution.

Investment Description

- Inter-American Development Bank (IADB)

Contact Information

No project contacts provided at the time of disclosure.

ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at <http://www.iadb.org/en/mici/mici,1752.html> (in English) or <http://www.iadb.org/es/mici/mici,1752.html> (Spanish).
