## Project Description

According to the IADB, the project aims to promote the use, improved management, and recovery of electronic waste in Mexico through Urbana Mineralis's consulting and intermediation model based on technological improvements and applied AI.

## Investment Description

- Inter-American Development Bank (IADB)

**Private Actors Description**

*Information on the borrower could not be found online.*

## Contact Information

*No project contacts provided at the time of disclosure.*

### ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at http://www.iadb.org/en/mici/mici,1752.html (in English) or http://www.iadb.org/es/mici/mici,1752.html (Spanish).
