Project Description

This Technical Cooperation will support the design and implementation of the Grupo Promotor de Desarrollo e Infraestructura (PRODI) program. Investment plans for participating operating organizations will be validated and an instrument so that individual consultants can get certified in how to make and supervise these investment plans. Additionally, a monitoring and supervision system as well as a training program to strengthen technical, financial and institutional skills for the operating organizations will be established.

Investment Description

- Inter-American Development Bank (IADB)

This non-reimbursable Technical Cooperation will cost US $300,000, financed through the IADB's Ordinary Capital.

ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at http://www.iadb.org/en/mici/mici,1752.html (in English) or http://www.iadb.org/es/mici/mici,1752.html (Spanish).
