Project Description

From the IDB: "In order to support the Government of Mexico to ensure compliance for the objective #3 of the National Water Program 2014-2018, the IDB will provide technical and financial assistance to strengthen water supply and access to potable water, sewerage and sanitation. The objective of the TC is to support national policy in the sector of wastewater treatment and unmetered water through the identification of mechanisms that will ensure the operation and maintenance of the Wastewater Treatment Plants but also to improve financial structures for adequate funding, technological innovation, reuse and water recovery. In particular, the Service of Water and Drainage of Monterrey (SADM) will be supported."

ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at http://www.iadb.org/en/mici/mici,1752.html (in English) or http://www.iadb.org/es/mici/mici,1752.html (Spanish).
