Project Description

According to the Inter-American Development Bank, the general objective of this project is to contribute to improving the development of institutions that support productive development and new areas of potential in the country.

The specific objectives are as follows:

1. to diagnose the institutional and sector capacities for the increase of productivity through cluster strategy, the increase of the local added value of the exports and the insertion of companies in the global value chains
2. to diagnose the potential of creative and cultural industries' activities and green innovation.

Investment Description

- Inter-American Development Bank (IADB)

The Bank will provide US\$325,000 in capital funds for this project.

ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at <http://www.iadb.org/en/mici/mici,1752.html> (in English) or <http://www.iadb.org/es/mici/mici,1752.html> (Spanish).
