### Project Description

The expected impact of the project will be twofold: on the one hand it will increase the number of girls and boys in vulnerable situations with access to quality care during their early education, and on the other hand it will increase the number of youth and adults with necessary skills to access formal jobs, including technical, soft and professional skills. The expected result of the project will be the formation of 4 new skills companies that will develop sustainable and scalable business models to improve employability and early education aimed at vulnerable population.

### ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to [MICI@iadb.org](mailto:MICI@iadb.org). You can learn more about the MICI and how to file a complaint at <http://www.iadb.org/en/mici/mici,1752.html> (in English) or <http://www.iadb.org/es/mici/mici,1752.html> (Spanish).
