Project Description

According to the Bank's website, the objective of this TC is to strengthen the institutional capacities in Mexico to develop and implement favorable policies for competitiveness and integration of business ecosystem and productive development. The specific objectives are: (i) identify productive development policies with focus in Global Value Chains (GVC); (ii) diagnose the state of productive capacities for the relevant GVC sectors; and (iii) identify elements that may reduce business ecosystem vulnerability caused by interruptions in the supply chains.

Investment Description

- Inter-American Development Bank (IADB)

ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at <http://www.iadb.org/en/mici/mici,1752.html> (in English) or <http://www.iadb.org/es/mici/mici,1752.html> (Spanish).
