Project Description

According to the IADB, the general objective is to strengthen Mexico's National and Progressive Care System (SNPC) with a more efficient and quality provision of care services, professionalization and recognition of caregivers, and promotion of equality and inclusion. The specific objectives are: i) support the institutional development and coordination of the SNPC, ii) support the design of strategies for a more efficient and high-quality provision of care services for early childhood and older adults, iii) support the professionalization and recognition of caregivers, and iv) support the implementation of equality and inclusion strategies.

ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at <http://www.iadb.org/en/mici/mici,1752.html> (in English) or <http://www.iadb.org/es/mici/mici,1752.html> (Spanish).
