Support to the design and implementation of long-term care services and prevention of care needs in Mexico

Project Description

According to the IADB, the objective of this Technical Cooperation (TC) is to support the development of the long-term care component of Mexico's National Progressive Care System. More specifically, the TC will support: (i) the development of a functional dependency assessment scale; (ii) the design and implementation of a new intervention model in day centers; (iii) the strengthening of caregiver training programs; (iv) the formulation of a national policy on healthy aging.

Investment Description

- Inter-American Development Bank (IADB)

ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at http://www.iadb.org/en/mici/mici,1752.html (in English) or http://www.iadb.org/es/mici/mici,1752.html (Spanish).
