Project Description

According to the IADB, the objective of the TC is to contribute to the development of a care ecosystem and intergenerational interaction, using sport--particularly football--as a tool for social inclusion and equity, within the framework of the Mexico 2026 Social Legacy associated with the FIFA World Cup. The specific objectives are: (i) to strengthen the well-being, autonomy, and community participation of older adults through the design and implementation of a new intervention model in community centers and/or spaces that integrates care, sport for development, digital inclusion, and intergenerational methodologies; and (ii) to promote campaigns and community-based activities that transform gender norms and stereotypes in sport and caregiving work, fostering equal opportunities, shared responsibility, and the prevention of gender-based violence.

ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at http://www.iadb.org/en/mici/mici,1752.html (in English) or http://www.iadb.org/es/mici/mici,1752.html (Spanish).
