Mesoamerican Health Initiative Nicaragua - Third Individual Operation

### **Project Description**

The Inter-American Development Bank has released little information on this project as of the time of writing. It states that the objective of the project is to enhance the use and quality of community and institutional services for maternal, infant and child care, with special emphasis on interventions from the communities. The project contains two operations with unspecified roles and responsibilities.

#### ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at http://www.iadb.org/en/mici/mici,1752.html (in English) or http://www.iadb.org/es/mici/mici,1752.html (Spanish).
