Highly Diversified Agroforestry Model for Coffee in Nicaragua

Early Warning System

Highly Diversified Agroforestry Model for Coffee in Nicaragua

IADB-NI-L1142

Quick Facts

Countries	Nicaragua
Financial Institutions	Inter-American Development Bank (IADB)
Status	Approved
Bank Risk Rating	U
Voting Date	2016-11-30
Sectors	Agriculture and Forestry
Investment Type(s)	Loan
Investment Amount (USD)	$ 2.00 million
Project Cost (USD)	$ 3.80 million

Project Description

From the IDB: "The project will support the transformation and implementation of diversified agroforestry systems for the coffee production of 2,000 small and medium producers affiliated with Aldea Global. The project will add market-oriented timber trees to the existing agroforesty system (that includes coffee, banana and fruit production) and incorporate a model of payments for ecosystem services (water, carbon, biodiversity)."

Investment Description

- Inter-American Development Bank (IADB)

ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at http://www.iadb.org/en/mici/mici,1752.html (in English) or http://www.iadb.org/es/mici/mici,1752.html (Spanish).
