Investment Amount (USD)	$ 0.93 million
Project Cost (USD)	$ 2.58 million

Project Description

Project aimed at building climate resilience in the cocoa and apiculture sectors in Nicaragua. This project's objective is to support small and medium-sized Nicaraguan fine cocoa and honey producers in developing greater resilience to climate change. The objective will be attained by facilitating access to: (i) information about climate change in a suitable format; (ii) technological solutions to climate change; and (iii) credit to purchase those solutions.

Investment Description

- Inter-American Development Bank (IADB)

The project has a total cost of US $ 2,578,799, of which US $ 931,246 (36%) will be contributed by the MIF, US $ 914,256 (36%) by the counterpart, and US $ 733,297 (28%) through co-financing from the Nordic Fund developmental. The period of execution shall be 48 months and the Disbursements will be 52 months.

ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at http://www.iadb.org/en/mici/mici,1752.html (in English) or http://www.iadb.org/es/mici/mici,1752.html (Spanish).
