| Investment Type(s) | Grant |
| Investment Amount (USD) | \$ 4.37 million |
| Project Cost (USD) | \$ 4.37 million |

Project Description

This Technical Cooperation aims to strengthen the capacities of the National Statistical System of Nicaragua to provide sufficient reliable and timely statistics with quality, both for the formulation, monitoring and evaluation of public policies and for the use of various national and international economic and social agents.

Investment Description

- Inter-American Development Bank (IADB)

The total cost of this technical cooperation project is €4,386,900, of which €4,150,000 will be provided by the EU under the Framework Agreement signed by the IADB and the EU, including a 5.8% administrative fee; the equivalent of €29,400 will be provided by the IDB for financing of the project's preparatory activities; and €207,500 will be provided by the executing agency as contingent local counterpart funds to cover possible exchange losses.

ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at <http://www.iadb.org/en/mici/mici,1752.html> (in English) or <http://www.iadb.org/es/mici/mici,1752.html> (Spanish).
