Project Description

The purpose of the Peru Microfinance Investment Fund is to create an innovative financial vehicle to provide much-needed long-term, quasi-capital funding to local microfinance institutions (MFIs) through the mobilization of resources from institutional investors and other development finance institutions. The investments of the Fund will strengthen the capital position MFIs which will allow them to continue growing their portfolio, expanding the access to financial products to micro, small and medium enterprises in Peru.

Additional project information was not provided at the time of disclosure.

Investment Description

- Inter-American Development Bank (IADB)

ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at <http://www.iadb.org/en/mici/mici,1752.html> (in English) or <http://www.iadb.org/es/mici/mici,1752.html> (Spanish).
