### Project Description

The general objective of the project is to increase the population with adequate access to storm drainage services in the urban area of Las Piedras and Tambopata districts. The specific objectives are: (i) protect the population against flooding in the intervened areas; and (ii) improve the sustainability of the storm drainage service of the Municipality of Tambopata.

### Investment Description

- Inter-American Development Bank (IADB)

### Contact Information

*\*\*Project contacts not available at the time of disclosure.\*\**

### ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IDB Invest)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to [MICI@iadb.org](mailto:MICI@iadb.org). You can learn more about the MICI and how to file a complaint at <http://www.iadb.org/en/mici/mici,1752.html> (in English) or <http://www.iadb.org/es/mici/mici,1752.html> (Spanish).
