Project Description

The main objective of this Technical Cooperation (TC) is to contribute to sustainable development of the city of Cusco, Peru by implementing the methodology of Emerging Sustainable Cities Initiative (ICES); under the program of additional cities of ICES. This methodology is based on the concept and evidence that comprehensive and multisectoral interventions are more efficient than sectoral interventions and they contribute more effectively to the challenges of urban growth way.

Investment Description

- Inter-American Development Bank (IADB)

Contact Information

ACCOUNTABILITY MECHANISM OF IDB/ IIC

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at http://www.iadb.org/en/mici/mici,1752.html (in English) or http://www.iadb.org/es/mici/mici,1752.html (Spanish).
