Support to the preparation and initial execution of the National Program of Investments in Water and

Project Description

The objective of the TC is to provide operational and technical support to the Ministry of Housing Construction and Sanitation (MVCS) in the preparation and initial implementation of the Comprehensive Rural Water and Sanitation Program - PIASAR I (PE-L1226). The TC will support the updating and complementation of the pre-investment and investment studies and other studies and consultancies necessary for the approval of the Program, within the framework of the new Peruvian public investment system "Invierte.pe".

ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at http://www.iadb.org/en/mici/mici,1752.html (in English) or http://www.iadb.org/es/mici/mici,1752.html (Spanish).
