Support to the Government of Peru in the implementation of the DCI Facility (REDD+)

Project Description

This TC aims to support the Ministry of the Environment of Peru (MINAM) and the Ministry of Economy and Finance (MEF) in the implementation of the PERU REDD+ Facility, through the development of technical studies and preparation of management tools. This support will shorten the preparation times of the planned investments, so as to synchronize the approvals by the Board with the budget cycles of Peru.

ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at http://www.iadb.org/en/mici/mici,1752.html (in English) or http://www.iadb.org/es/mici/mici,1752.html (Spanish).
