Project Cost (USD)	$ 0.40 million

Project Description

The general objective of this Technical Cooperation (TC) is to contribute to the improvement of the country's competitiveness by identifying and solving competitive sectorial challenges. The specific objectives include: (i) supporting the implementation of prioritized MES reforms by strengthening the capacities of their technical teams; and (ii) institutionalize the work of the MES by aligning it with the Competitiveness Agenda.

Investment Description

- Inter-American Development Bank (IADB)

ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at http://www.iadb.org/en/mici/mici,1752.html (in English) or http://www.iadb.org/es/mici/mici,1752.html (Spanish).
