Project Cost (USD)	$ 0.65 million

Project Description

The objective of technical cooperation (TC) is to provide support to the Peruvian mining sector and the Ministry of Energy and Mines (MINEM) of Peru to strengthen strategic management capacities, emphasizing the challenges of productivity, sustainability and generation of shared value. The project will finance activities aimed at: (i) supporting prioritized initiatives within the framework of the Mining Vision 2030 prepared by government, industry and civil society; and (ii) improve the capacities of key stakeholders.

ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at http://www.iadb.org/en/mici/mici,1752.html (in English) or http://www.iadb.org/es/mici/mici,1752.html (Spanish).
