Investment Amount (USD)	$ 0.20 million

Project Description

The objective of this Technical Cooperation (TC) is to support the improvement of the fiscal management instruments of the subnational governments (SNG), complementing the economic recovery plan that Peru has been implementing in the framework of the COVID 19 crisis. Specific objectives are: (i) to support the expansion of the tax base of the property tax; (ii) design and implement a Platform that centralizes the information available from property records; and (iii) design a system to record and monitor the public finances of the SNGs.

Investment Description

- Inter-American Development Bank (IADB)

Technical Cooperation

ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IDB Invest)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at http://www.iadb.org/en/mici/mici,1752.html (in English) or http://www.iadb.org/es/mici/mici,1752.html (Spanish).
