Project Description

The objective of the technical cooperation is to support the National Program for Technological Development and Innovation (PROINNOVATE) and the Institute of Production Technology (ITP), both dependent on the Ministry of Production, to operationalize sustainability and climate change criteria in these institutions' financial and technical assistance programs, which in turn will improve the competitiveness of Micro, Small and Medium Enterprises (MSMEs) in the face of the new global context.

Investment Description

- Inter-American Development Bank (IADB)

Contact Information

Project contacts not available at the time of disclosure.

ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IDB Invest)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at http://www.iadb.org/en/mici/mici,1752.html (in English) or http://www.iadb.org/es/mici/mici,1752.html (Spanish).
