Protect education trajectories of children and youth through tutoring and mentoring with a focus on gender in Peru

Project Description

Protect the trajectories of vulnerable children and youth in Peru between 9 and 14 years old and help recover the learnings lost due to school closures generated by the sanitary crisis of COVID19. This would be achieved by providing alternative education mechanisms such as personalized tutoring and mentoring that help increase the level math achievement which will reduce inter-anual drop-out rates and promote progression rates.

ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at http://www.iadb.org/en/mici/mici,1752.html (in English) or http://www.iadb.org/es/mici/mici,1752.html (Spanish).
