Project Description

According to the IADB, the general objective of this technical cooperation (TC) is to support the preparation of the Sustainable and Productive Rural Electrification Program in the Peruvian Amazon (PE-L1298), through the development of the necessary technical and socio-environmental studies. The specific objectives are: (i) to finance the technical analyses for the program's feasibility; and (ii) to finance engineering and complementary studies required to define the program's investment portfolio.

Investment Description

- Inter-American Development Bank (IADB)

ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at <http://www.iadb.org/en/mici/mici,1752.html> (in English) or <http://www.iadb.org/es/mici/mici,1752.html> (Spanish).
