Countries	Peru
Financial Institutions	Inter-American Development Bank (IADB)
Status	Active
Bank Risk Rating	U
Voting Date	2025-08-21
Borrower	Government of Peru
Sectors	Technical Cooperation, Transport
Investment Type(s)	Advisory Services
Investment Amount (USD)	\$ 0.55 million
Project Cost (USD)	\$ 0.55 million

Project Description

According to the IADB, the Technical Cooperation (TC) has the main objective of supporting the design and implementation of the loan operation PE-L1294: Program to Support the Sustainability of the River Transport Model in the Amazon, which is currently under preparation. This support will finance complementary environmental and social impact studies, studies to improve and optimize the program's interventions in logistics, accessibility, and the provision of essential services, designs for river docks, and studies on cross-cutting issues that will be incorporated into the program, such as gender, diversity, and digitalization.

ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at <http://www.iadb.org/en/mici/mici,1752.html> (in English) or <http://www.iadb.org/es/mici/mici,1752.html> (Spanish).
