## Project Description

According to the Bank's website, the objective of this project is to strengthen the preparation of the loan operation "Program for Modernization and Strengthening of Primary Health Care in Essalud" (PE-L1296). Specifically, the technical cooperation (CT) will support the necessary studies to advance the preparation of the operation under the Invierte.PE regulations and will provide technical assistance for the development of the management, monitoring, and evaluation instruments for the project.

## Early Warning System Project Analysis

According to the TC Abstract document, this TC does not have applicable requirements of the Bank's Environmental and Social Policy Framework.

## Investment Description

- Inter-American Development Bank (IADB)

## Contact Information

### ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to [MICI@iadb.org](mailto:MICI@iadb.org). You can learn more about the MICI and how to file a complaint at <http://www.iadb.org/en/mici/mici,1752.html> (in English) or <http://www.iadb.org/es/mici/mici,1752.html> (Spanish).
