Sustainable and Innovative Water, Sanitation, and Hygiene Services in Rural Areas of Peru

(SIRWASH) Phase II: Consolidation of governance of rural water and sanitation services in Peru

---

## Project Description

According to the IADB, the objective is to contribute to closing gaps in the coverage and quality of rural water, sanitation, and hygiene (WASH) services in rural communities in Peru, supporting the consolidation and institutionalization, in the PNSR and in the country's rural policies, of the tools developed in phase I of SIRWASH.

## ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to [MICI@iadb.org](mailto:MICI@iadb.org). You can learn more about the MICI and how to file a complaint at <http://www.iadb.org/en/mici/mici,1752.html> (in English) or <http://www.iadb.org/es/mici/mici,1752.html> (Spanish).
